

# Ryan Claxton

## Senior Full Stack Developer

I am a senior full stack developer with a versatile background in project management and software engineering. I place a strong emphasis on user experience, documentation, leadership and communication. I have a broad knowledge base of leading industry tools and best practices and a passion for innovation that will make me a major asset to your organization.

### Experience

- Jan 2020 - Current** **FULL STACK DEVELOPER**  
8to18 Digital - [www.8to18.com](http://www.8to18.com)
  - Full stack developer, supporting and expanding an existing Ruby on Rails application that runs on AWS while developing a replacement.
- May 2017 - Current** **PROJECT MANAGER / LEAD DEVELOPER**  
FSDS - [www.fullstack-ds.com](http://www.fullstack-ds.com)
  - Working direct for client and as an independent contractor on a wide range of projects (mainly web design).
- Mar 2019 - Jan 2020** **FULL STACK DEVELOPER**  
CaWaSa - [www.cawasa.com](http://www.cawasa.com)
  - Working directly with the client to design and develop a Quickbooks Web Connector API. This API was then configured to work with an existing warehouse management PHP application.
- May 2017 - Jan 2015** **JUNIOR FULL STACK DEVELOPER**  
SETConsultants - [www.setconsultants.com](http://www.setconsultants.com)
  - Working together with a small team of developers and project managers focused primarily on small to medium sized web development projects.

### Education

- May 2017** **BACHELOR OF COMPUTER SCIENCE**  
University of Guelph
- Jan 2011** **CIVIL ENGINEERING TECHNOLOGY**  
Conestoga College
- April 2009**

### Open Source Projects

#### LARAVEL EASY ADMIN

<https://github.com/raysirsharp/laravel-easy-admin>

- By leveraging route-model binding and a number of object oriented programming principles, a single CRUD controller is abstracted such that all models within the project can be accessed via a basic admin panel. The package is easy to use and can be set up in minutes.

#### LARAVEL LANG CMS

<https://github.com/raysirsharp/laravel-lang-cms>

- A GUI editor for Laravel language files within the project that can be accessed through the browser and is password protected.

### Personal Info

#### Address

Brantford, Ontario Canada

#### Email

[fullstack.ds@gmail.com](mailto:fullstack.ds@gmail.com) (Work)  
[raysirsharp@gmail.com](mailto:raysirsharp@gmail.com) (Personal / Git)
